Accounting Information Systems: James A. Hall ...

4. System decomposition is the process of dividing the system into smaller subsystem parts, while interdependency is the interaction between the subsystems. They are related by the degree and nature of the interaction between the subsystems. If a vital subsystem fails, the entire system will most likely fail. 5.

Solutions Manual, Accounting Information Systems

accounting information. In business, the accounting information system is an integral part of the accounting function. This first chapter is designed to provide a perspective on the role of AIS in organizations. It relates information to the normal activities of a business and interested parties.

James A. Hall Chapter 1 Accounting Information Systems ...

The Information System: An Accountant's Perspective. Unlike many other accounting subjects, such as intermediate accounting, accounting information systems (AIS) lacks a well-defined body of knowledge. Much controversy exists among college faculty as to what should and should not be covered in the AIS course.
