We survey recent research in accounting anomalies and fundamental analysis. We use forecasting of future earnings and returns as our organizing framework and suggest a roadmap for research aiming to document the forecasting benefits of accounting information.

Accounting anomalies and fundamental analysis: A review of ...

This study examines the nature and role of accounting practices in a network of corruption in an influence-market setting. The study focuses on the Canadian government's Sponsorship Program (1994-2003), a national unification scheme that saw approximately \$50 million diverted into the bank accounts of political parties, program administrators, and their families, friends and business ...

Electronic Controls and Motor. A nice feature on this lathe not found on most of the other mini-lathes is the integral digital tachometer. While precise control of the spindle RPMs is not really essential for the type of work you'll do on a lathe in this class, the tach can be especially helpful to those new to the craft, as it helps them to get a feel for what speeds work best for various ...

7x14 Mini Lathe

In the last chapter we learned that deep neural networks are often much harder to train than shallow neural networks. That's unfortunate, since we have good reason to believe that if we could train deep nets they'd be much more powerful than shallow nets. But while the news from the last chapter is discouraging, we won't let it stop us.

Neural networks and deep learning

4. A College of Business major with grades of "C" or higher. Major Requirements are defined in this College of Business section. 5. A minimum of 51 credits of upper-division College of Business courses. In addition to the Business Core and major requirements, most majors will require successful completion of Business electives to obtain these 51 credits.
