### **Subway Application Math Answers**

Im filling out a subway application and theres math problems on the back. -You need to count all the loaves of bread in the front area. There are 22 loaves of white bread, 17 loaves of wheat bread and 19 gourmet breads. What is the total number of loaves? This question confuses me cause it asks for loaves and gourmet bread doesnt say loaves, so im thinking is this a trick question?

### **Subway Employment Test Answers**

The answers to the short test that Subway includes in its employment application are not publicly available. Making the answers available would compromise the integrity of the examination and make it more difficult for hiring managers to discern whether an applicant truly understood the math and customer service concepts being tested.
