Note: The creative photography ideas listed in this article should not be explored haphazardly within a Photography course, but rather selected purposefully, if appropriate for your topic or theme.

100+ Creative Photography Ideas - Student Art Guide

In filmmaking and video production, a shot is a series of frames, that runs for an uninterrupted period of time. Film shots are an essential aspect of a movie where angles, transitions and cuts are used to further express emotion, ideas and movement. The term "shot" can refer to two different parts of the filmmaking process: In production, a shot is the moment that the camera starts rolling ...

Shot (filmmaking) - Wikipedia

His work titled Sunburn is both an elegant and raw statement inside Contemporary Photography. With Sunburn he's been pushing the limits of analog photography. He uses homemade massive large format cameras for his photographs, and some of the long exposures have lasted even 24 hours.

15 Famous Contemporary Photographers and Their Photos

Learning digital photography seems like a tough task—especially when you're met with all kinds of technical jargon that leave you clueless and itching for a dictionary. Or worse, leaving you trying to explain what you just learned by using phrases like "that hole you look through" or "that one button you press to take the picture."

25 Common Photography Terms Beginners Need to Know
